PROJECT SCOPE AND DELIVERABLES

What Is Included in the Project

ST Dev Solutions will design, develop, test and deploy a professional, mobile-responsive clinic website. Everything below is covered by the quoted ₹15,000.

A Website Design and Development

- Premium homepage
- About the clinic section
- Dental, Skin, Hair and PMU service categories
- Treatment and service information pages
- Doctor profiles and clinic information
- Gallery and testimonials sections
- Contact page
- FAQ section
- Clinic location and Google Maps integration
- Responsive design for mobile, tablet and desktop
- Navigation and footer
- Clear calls to action throughout the website

> The final page count and content structure will be agreed before development begins.

B Appointment Enquiry System

- Appointment enquiry form
- Fields for patient name, contact number, requested service and preferred date or time
- Form submission and notification to the designated clinic contact, subject to configuration
- WhatsApp contact button
- Click-to-call functionality

> **Important:** this is an appointment **enquiry** system. Live slot availability, automatic booking confirmation, doctor scheduling and clinic management dashboards are not included.

F Final Testing and Handover

- Cross-device testing
- Basic browser testing
- Link and navigation testing
- Form submission testing
- Deployment verification
- Agreed minor corrections before handover
- Basic instructions for using and managing the website

C Social Media Integration

Links to the clinic's official social profiles, where provided by the client:

- WhatsApp Business click-to-chat link, using the clinic's supplied business number
- Instagram, Facebook and X (formerly Twitter)
- YouTube, if required and supplied
- Other agreed social media profiles
- Social media icons, profile links and suitable calls to action

> WhatsApp is a **click-to-chat link only**. Automated WhatsApp messaging, WhatsApp API integration, chatbots, paid campaigns and social media account management are not included.

D Search Engine Optimization

- Page titles and meta descriptions
- Proper heading structure
- Search-friendly URLs
- Image alt text
- Sitemap and indexing configuration where supported
- Basic technical SEO setup
- Page structure suited to local search visibility

> Basic on-page SEO only. Google rankings, website traffic or patient acquisition are not guaranteed.

E Domain, Hosting and Deployment

- Domain name registration and purchase for the agreed initial registration period
- Hosting setup and initial hosting arrangement
- DNS configuration
- HTTPS/SSL configuration where supported by the selected provider
- Website deployment
- Basic production, contact form and mobile responsiveness testing
- Final website handover

> The domain name must be approved by the client and available for registration. Domain and hosting costs are included in the ₹15,000 only to the extent set out in the agreed final arrangement (see page 3). Any renewal fees or hosting charges beyond the included period will be disclosed before acceptance.
